

5 Ways to Attract High-Paying Clients

And become a magnet for peace, prosperity and higher purpose.

Step 1:

Powerful Intention

The power of your pure intention holds enormous energetic power. Expand your consciousness. Think big. What is your big intention for your service in the world? The more your intention is aligned with serving the highest good for all, the more attraction power your work will have.

Step 2:

People you are here for

Who do you want to help? What do you wish to help them with? Let the love in your heart guide you. Who do you feel love for, who you'd love to serve? What types of people; what have they been through? What do they need support with? The clearer you are on the people you are here for and how you're here to serve them, the clearer the Universe is on who to send to you!

Step 3:

Prosperity and Purpose

How much money do you want to make? What is the elevated purpose for your money? As you define clearly how much money you are calling in, and what the higher purpose for this money is, the more you create an energy field of prosperity and purpose. Put simply, money (energy) expands as we serve others with that money, as well as supporting our own lives.

Step 4:

Power (Attract)

Focus on holding a powerful energy field and elevating your level of consciousness. As you create value for real people and start sharing it, people will be attracted to learn more and work with you. Avoid getting caught up in traditional marketing that can be very pushy, forceful and draining. Instead of thinking, "What can I get from you? How can I get you to pay me?"... focus on, "How can I serve you? How can I add value to your life? This powerful consciousness will attract clients.

Step 5:

Peace-of-Mind Content Automation

Create ongoing blessings and support for the people you are here for. You can do this by creating content (audios, videos, writing, emails etc.) and setting them up as an automation system, in which you are continuously showering support upon our audience! This will bring you beautiful peace of mind, and will also help you to begin and/or grow your business.

You are a blessed and beautiful soul.
